EDUCATION

Bachelors of computer science
Virtual University

Intermediate
VTC Jacobline center

Metriculation
Beginner base academy

WORK EXPERIENCE

MERN Stack Developer
ITSec (Pvt.)Ltd

10/2022 - Present

I joined as a mid-level React Native developer, and based on the skill set I demonstrated in my work, my supervisor re-hired me and promoted me. I also have experience in Node.js, which has further enhanced my capabilities in full-stack development

React Native Developer
DeviceBee Technologies

03/2023 - 07/2023

Dubai, United Arab Emirates

I worked here as a remote job and developed a total of 2 apps from scratch, including integration of APIs. These apps have also been uploaded to the Play Store.

React Native Developer
Sas Solution

11/2021 - 10/2022

karachi, Pakistan

My role here was as a React Native developer. I also trained interns here. My responsibility was that the company would ask us how much time a project would take, and then we would give them that time. Then we had to complete the project 5 days before the deadline, and so far, we have delivered all the projects on time.

React Native & React JS
Fiver And Upwork

01/2021 - Present

I have been working on Fiverr since 2021, where I do freelance projects. I have created mobile apps, websites, and admin panels, and I also work on Node.js.
